# TA180ZA

ICHINEN TASCO CO.,LTD.

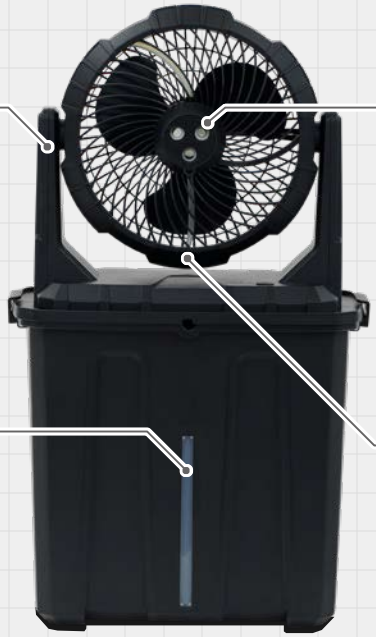

# Cordless cooling wherever you need it!

**As a “Fan”**

The fan unit can be detached and used as a wall-mounted fan.

**3-Level Mist Mode**

Features three mist modes, allowing you to select the best setting for each situation.

**Large 9L Water Tank**

Supports long-lasting mist operation, and the water level can be easily checked through the tank window.

**Adjustable Angle**

The angle can be adjusted approximately 50° upward and 20° downward, and fixed at your preferred position.

**Ideal for cooling refrigerant cylinders**

During refrigerant recovery, an increase in cylinder temperature may reduce recovery efficiency and may also cause the fusible plug to melt.
