made in JAPAN

New Style Cordless A/C Fan
Item No : TA901CS

Battery and fan integrated

No cord hassles, and at only 220g/unit. Lightweight and comfortable to wear. Installation is also very easy. (1 replacement battery: TA901CS-10)

Slim design

< 35 mm >

Optimized internal fan tilt

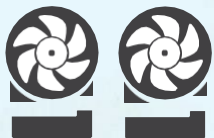

The original fluid design of the built-in fan is inclined at a 5-degree angle to allow air to flow upward efficiently and create the best possible environment inside the garment.

Fragrance case built in

A case is provided inside for your favorite fragrance to reduce odor discomfort while working.
